JOSEPH

When masters of pigmented brush
Depict the Virgin and her Child,
They limn about each head the flush
Of haloes—ray on gold ray piled.

Joseph may kneel near by, or stand
Within the purple shadows, dim
And vague— but never artist-hand
Paints light above the brow of him.

Yet his kind arm was near and strong
When Mary trod dark travail's ways;
She clung to him, glad to belong
To one unhaloed all his days.

State Loses in First Attempt To Convict Tucker in Bank Case; Trial Again June 14th

The State lost its first attempt to convict J. C. Tucker on charges of embezzlement growing out of the loss of funds to the Cameron State Bank which closed its doors on December 17, 1931.

In District Court at Belton Friday a jury reported it was unable to agree and was dismissed by Judge Few Brewster. The jury poll stood nine for acquittal and three for conviction, it was announced here by Criminal District Attorney S. M. Burns, who was assisting Henry Taylor, Criminal District Attorney for Bell County in the prosecution.

Four cases were set for trial at the May term of court. Trial will be resumed at Belton on June 14, Mr. Burns announced.

The case on which Tucker was tried involved the loss of money from the bank belonging to the American Legion. The amount involved was $337.15.

Testimony was introduced by the State in an effort to show that Tucker had taken the funds of the Post. On the testimony of A. E. Matula, finance officer for the Post, Tucker came to his home and told him that he had taken the money but that the bank would re-open and everything would work out all right. Matula said he deposited $109.50 in the bank on the day before it closed. The deposit, according to his testimony, was taken by Tucker who called at his home.

The Legion Post was collecting funds on sale of lottery tickets for award of an automobile at its Christmas party. After the bank closed it became necessary for the members of the Post to borrow funds to complete the purchase of the car.

Ledger sheets from the bank involving records of the Legion account, according to testimony, are missing.

Tucker, according to Matula, paid him $110.00 of the money he took from the deposit made on the day before the bank closed.

C. T. Marth, manager of the American Milk Products Company, then owned by Tucker, testified that on December 18, 1931 that Tucker brought to the Milam plant a box filled with papers, ledger sheets, checks and the like, and instructed him to burn them on a vacant lot near the plant. He said Tucker stood by while the papers were burned, then drove away in his car.

The milk plant, originally paid for by the citizens who subscribed the stock, was given to Tucker on condition he would operate the same for one year.

L. Van Perkins, service officer for the Post, and Frank Walzel, then member of the executive committee for the Post, both testified that Tucker had never returned the $337.15 belonging to the Post.

George T. Graves, former president of the bank, and J. C. Wright, liquidating agent, testified. Graves said the Legion had an account at the bank. Wright said no trace of it was found.

M. W. PRICE, 76, BURIED AT NORTH ELM MONDAY

M. W. Price, 76, native of Alabama and poineer resident of Milam county, died at the family residence in Cameron Sunday evening, June 6, 1933 at 6:20 o'clock.

Mr. Price had been in declining health for several years. He became critically ill in the early part of May and his condition due to waning strength and advanced age, became more grave. The end came peacefully Sunday evening. He died with members of his family at his bedside, leaving for them a heritage of noble citizenship and a life filled with good deeds and unselfish devotion to others.

When the news came of the death of the pioneer, the people among whom he had lived for many years, measured with good remembrance his life as a citizen and were held in the shadow of great bereavement.

M. W. Price was born in Farrell, Alabama, on March 4, 1857 and was 76 years and three months old when he died.

His was the life and sacrifice of the pioneer. Early in life he set his face westward and entered the borders of Texas, then an undeveloped empire waiting the touch of builders. He came with an open heart to the Lone Star State which shortly before had been freed from foreign dominion by men of America. Reared close to the soil, he knew the ways of our builders. The son of American pioneers who pushed back the borders of civilization to herald a better and safer day for generations to come, he came to the center of Texas black land belt, settling at North Elm in Milam county.

In the North Elm community he lived for a number of years, acquiring farm interests. To his labor were added the comforts of a home and the rich heritage of friends bound up with him in the common problems of the advancing times. In late years, 1913, he moved to Cameron to give his children better educational ad-

Sees Special Fall Session Legislature

Austin, June 3.—James E. Ferguson said today Governor Miriam A. Ferguson likely would convene the legislature in special session next fall to consider the finances.

Mr. Ferguson pointed out that it would be necessary for the legislature to pass enabling legislation in event the $20,000,000 unemployment relief bond issue is authorized in the special election of Aug. 26.

He said should the president's industrial rehabilitation program be carried out, Texas would receive between two hundred and fifty and three hundred million dollars for reconstruction.

"Austin will be the busiest place in Texas within a few weeks," Ferguson predicted. "Expenditure of that much money in this state would be equal to a four million bale cotton crop at 10 cents a pound."

He commented on the deficit in the state treasury and intimated the legislature might be asked to return in September to consider finances.

Boy Scouts

TROOP NO. 52

J. A. Lindle, Scoutmaster

Troop No. 52 held their regular meeting Friday night with an attendance of 28, which included the scoutmaster, assistant and two of the troop committee. We are glad to see Scout Ernest Michalka who has been attending Saint Edward's University, back in the ranks again. The meeting was opened with a flag procession, the colors being carried by Eagle Scout Robert Hensley. After the usual order of business, the patrols met together where a study of the composition and history of the flag was conducted by Scout Paul Michalka, and senior patrol leader G. W. Gjedde. The game section resulted in a tie between the patrols. The meeting was closed with Troop inspection conducted by committeeman Kunz.

Those scouts who worked so faithfully Friday and Saturday to get the new ball field in shape, are deserving of great praise. This new field must have had some inspiration on the boys when they met the Batteville team Sunday. This game resulted in a win for the troop with a score of 12 to 1. The Batteville boys put up a splendid fight but Troop 52 boys were in a hitting mood and they could not be stopped. Pate for the Batteville boys pitched a good type of ball, retiring ten by the strike-out route, but the 52 boys found his mark early in the game and walloped him for 17 hits. Their only score came in the seventh inning when Dude Caldwell connected for a three bagger and scored on a single by Ganz..

"Hank" Matula went the whole trip on the mound for Troop 52, allowing only six hits, nine strike-outs and himself making three hits, two two-baggers and a triple. Ernest and Paul Michalka each have a triple to their credit and Shorty Matula a double. Anton and August Moraw and Ted Matula batted 600, with Ernest Michalka and Louis Matula leading with 800.

Troop N. 52 extend a cordial welcome to their friends to witness their games when playing at home. A good sized attendance was present Sunday.

Build Up that Skinny Child!

Enrich His Impoverished Blood

Sickly, weak, underweight children are usually lacking in rich, red blood. When blood becomes poor, a child becomes rundown. Already weak, he loses appetite, which makes him still weaker. Take no chances on a child gaining strength by himself. Start giving him Grove's Tasteless Chill Tonic right away. This famous tonic contains both iron and tasteless quinine. Iron makes for rich, red blood while quinine tends to purify the blood. In other words, you get two effects in Grove's Tasteless Chill Tonic.

Put your child on this time-proven tonic for a few days and see the difference it makes in him. Good appetite, lots of pep and energy and red roses in his cheeks. Children like Grove's Tasteless Chill Tonic and take it eagerly. It is absolutely harmless and has been a reliable family medicine for half a century. Get a bottle today at any store.

Alleged Beer Sellers Are Held In Houston

Houston, Texas, June 3.—Uuited States Commissioner W. W. Carrothers Friday refused to dismiss complaints against two restaurant operators who are charged with selling 3.2 beer. The restaurant men were Louis Stratos and Carroll G. Bracey. They were arrested on May 2 and charged with illegally possessing the brew.

Commissioner Carrothers held that while Congress, in passing the beer bill, evidently intended to repeal the beer clause in the prohibition amendment, it had not the power to do so and that the men must be held for trial on the charges.

The commissioner gave William H. Scott, attorney for the two men, two weeks to convince him that he was wrong and bound the defendants over to grand jury on $300 bail each.

We are glad to report that Mrs. J. W. Kemp, who has been confined to her bed for the past month, is now able to sit up some.

Decline In Use of Toothpick Deplored

Omaha, Neb., June 3.—Dr. C. O. Simpson, Washington University, St. Louis, deplored the decline of the the toothpick in addressing the State Dental Society here. Proper manipulation of the instrument can be extremely beneficial, he believes.

"The hardy pioneers," he said, "picked their teeth with bowie knives. The elite of the 80's carried gold toothpicks and until recently toothpicks were on dining room tables everywhere. Now they are confined to primitive rural communities and dining cars."

BEER BROUGHT BUSINESS

Liberty, June 4.—Manufacture of 3.2 beer in New York has brought business to the Robertson-Kurth Lumber Company here. The company has completed shipment of 200,000 feet of cottonwood lumber to New York to be made into beer crates.

Many Tax Officials To Lose Their Jobs

Austin, June 3.—Governor Miriam A. Ferguson today signed a bill that provided for consolidation of the officers of county assessor and collector. The combination was authorized by a constitutional amendment voted last year. The bill puts the change into effect. Collectors and assessors will fill their separate offices, however, until the next election.

She also approved the bills fixing the amount of tuition for the state colleges and universities may collect, and changing the terms of district court in Wichita, Archer and Young counties.

KILL BAD WOLF

Albuquerque, N. M., June 3.—The largest lobo wolf killed in New Mexico in many months was recently brought down by W. C. Echols near Animas. The animal, reputedly a cattle killer, weighed about 85 pounds.

WOMEN'S CONTRIBUTION TO THE MOTOR CAR

There is some doubt that people care to hear very much about what goes on under the hoods of their cars.

The driver knows that "driving qualities" are not accidental; they are put there. How the manufacturer creates or evolves those results may not interest him. He judges entirely by the results he gets in driving.

Well, it is not essential to talk "shop"; let us talk Results.

Smoothness. Drive the Ford V-8 and you will find that the engine runs with surpassing smoothness, due to its design and the extra precise methods of its manufacture.

Power. There it is, 75 horsepower (we could say 80) at the driveshaft for the driver's use. With less weight to pull around, the mettle of this car---its life-like response---is rather remarkable.

Economy. Our V-8 develops more power on a gallon of gasoline than any car we have made. Mileage is partly a matter of individual driving, but under average conditions the Ford V-8 does 17 to 20 miles a gallon. Of course, car economy is not only a matter of fuel. Ford V-8 has that too, but it is also economical in the complete sense---initial cost, operation, maintenance.

Appearance. This is woman's contribution. The motor car must not only be useful, but also good-looking. View the Ford V-8 and you will not need our comment on its fine appearance.

Comfort. This also is woman's concern. In 30 years she changed the motor car from a wagon to a coach. Comfort is a quality made up of numerous ingredients. There is no comfort without a quiet, smooth-running engine. We have all the other ingredients too,---color, good taste, quality, ease, safety, roominess and convenience.

Just to Get Away From Your Cares

To "lose yourself" in some far off beauty spot of nature. To enjoy a vacation, fishing, golfing—of rest and recreation with narry a care. If lack of money prevented it this year, no reason why you can't enjoy such a vacation in 1934.

Opportunity makes it possible for us to say in this connection that there is no reason why you cannot always be ready to take life's opportunities when they come. It is as simple as SAVING.

vantages and had been a resident here for 20 years.

Early in life he embraced the Christian faith and was through all the years thereafter a faithful and honored member of the Baptist church. He was founder of the Baptist church at Marlow. His faith was a deep conviction of his life and when the end came he fell asleep in the security of his belief, that in the day of reckoning his spirit will be kept for immortality. He had reckoned well with his family in the faith of his church and lived to see each one become as he had lived a professor of the Faith..

In fraternal life he was a Mason and a member of the Eastern Star.

In his days of declining health he was sustained by the unfaltering devotion of his faithful wife, Mrs. Nannie Price, who survives him. Her tender care and kind solicitude, her ministering to him, was an inspiration to their children and to neighbors and friends who had watched with fading hopes as petals fall silently from blossoms, each day as the time approached when he should go back to the soil to await the dawn and that other day toward which all men look with faith.

Funeral services were held Monday afternoon June 5, 1933 with services in the North Elm church near the scene of his early life as a resident of Milam county. In the late sun of a June afternoon with Masonic rites, he found his resting place in the little cemetery where kin, neighbors and friends lie, long since garnered to the dust. Rev. N. D. Timmerman, pastor of the First Baptist Church, and Rev. O. C. Acrey, pastor of the First Presbyterian Church, conducted the services. Masonic rites were performed at the grave.

Garnered in the embrace of tender flowers, the gift of children, friends and neighbors, hundreds paid their last tribute as the father, the friend, counsellor and good neighbor drew about him the curtain to close many years of faithful living.

He is survived by his widow, Mrs. Nannie Price of Cameron and the following children: Albert Price of Waco; Mrs. Eliza Westbrook of Waco; Jessie Price of Ben Arnold; Charles W. Price of Waco, all children of a former marriage. Mrs. Marshall Terry of Yarrellton and Mrs. A. B. Buffington of Cameron, children of Mrs. Nannie Price, the widow, who was before her marriage to Mr. Price, Mrs. Nannie West of Alabama. Mrs. Sam Houston of North Elm; Mrs. J. E. Love of Temple; Mrs. W. M. Culver of Houston; Dwight and Wright Price, twin sons of Cameron. He is survived by two brothers and two sisters.

Pallbearers were six grandsons as follows: Rush and Elmer Price, Dude and Rudolph Westbrook, A. G. Buffington and R. L. Terry.

CARD OF THANKS

We are deeply grateful to our neighbors and friends for their sympathetic aid and comfort to us during our recent great bereavement in the loss of our beloved husband and father, M. W. Price. We remember each one who came to us in our hours of sorrow. We thank those who assisted us in any way and deeply appreciate the many gifts of flowers. We want to thank Dr. Elbra Monroe for his kindness and attention to our loved one. The memory of these good friends and neighbors will be a treasure to keep through the years.

Mrs. M. W. Price and family.

How Cardui Helps Women

"Mal-nutrition" means that your body is not getting enough to keep it up, so that what it has to do is not done well. You may not be eating enough to keep up the work of the body, or there may be something wrong that keeps you from getting full value from the food you eat.

Because of mal-nutrition, some women have aches and pains every month. Such pains should not be neglected.

Take Cardui to give you a better appetite, to give you more strength from the food you eat — to build up and increase your feeling of well-being. Aches and pains go away as you build up with the help of Cardui.

Kidnapper and Pals Nabbed at Amarillo

These three men and two women were caught at Amarillo following the sensational kidnapping of Mary McElroy, in Kansas City, and the payment by her father of $30,000 ransom. The case attracted nation-wide attention. From left to right they are: Walter H. McGee, ring leader, who says he is "a cross between a barbed wire fence and a s.....;" Lenore and Lawrence Gilbert; Wendell and Hazel Johnson. McGee said he was taking the two couples on a pleasure trip, but that in reality, he needed them to pass the large bills he carried—the ransom. PROPOSED AMENDMENTS To CONSTITUTION of TEXAS

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

S. J. R. No. 3

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of Texas be amended by adding thereto a section to be Section 3, which shall provide:

"Section 3. (1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessity lodged in the Nation and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it is hereby ordained:

"(2) Any county having a population of sixty-two thousand (62,000) or more according to the then last Federal Census may adopt a County Home Rule Charter, to embrace those powers appropriate hereto, within the specific limitations hereinafter provided. It further is provided that the Legislature, by a favoring vote of two-thirds of the total membership of both the Senate and House of Representatives, may authorize any county, having a population less than that above specified, to proceed hereunder for the adoption of a Charter; however, as a condition for such authorization, it is required that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers, to give general circulation in the county affected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an Act making proposal hereunder may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favoring vote of the resident qualified electors of the affected county. In elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature) the votes cast by the qualified electors residing within the limts of all the incorporated cities and towns of the county shall be seperately kept but collectively counted and the votes of the qualified electors of the county who do not reside within the limits of any incorporated city or town likewise shall be separately kept and separately counted, and unless there be a favoring majority of the votes cast within and a favoring majority of the votes cast without such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such Charter may inconsonantly affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems, or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision inimical to or inconsistent with the sovereignty and established public policies of this State, and no provision having such vice shall have validity as against the State. No Charter provision may operate to impair the exemption of homesteads as established by this Constitution and the Statutes relating thereto.

"(3) a. A Charter hereunder may provide: the continuance of a County Commissioners' Court, as now constituted, to serve as the governing body of a county to operate hereunder; or, may provide for a governing body otherwise constituted, which shall be elective, and service therein shall be upon such qualifications, for such terms, under such plan of representation, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms for service in such governing body may exceed two (2) years, but shall not exceed six (6) years. In any event, in addition to the powers and duties provided by any such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of the provisions hereof, would devolve by law on County Commissioners and County Commissioners' Courts. Further, any such Charter may provide for the organization, reorganization, establishment and administration of the government of the county, including the control and regulation of the performance of and the compensation for all duties required in the conduct of the county affairs, subject to the limitations herein provided.

"b. A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution), and Justices of the Peace be compensated upon a salary basis in lieu of fees. The jurisdiction of the County Court designated in this Constitution, and the duties of the judges thereof, may be confined to that general jurisdiction of a probate Court which elsewhere is defined in this Constitution. The office of Justice of the Peace may be made either elective or appointive. Other than as herein provided, no such Charter shall provide for altering the jurisdiction of procedure of any Court. The duties of District Attorney and or County Attorney may be confined to representing the State in civil cases to which the State is a party and to enforcement of the State's Penal Code, and the compensation of said attorneys may be fixed on a salary basis in lieu of fees.

"c. Save as hereinabove and hereinafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established for any county electing to operate hereunder with the power to create, consolidate or abolish any office or department, whether created by other provisions of the Constitutions or by statute, define the duties thereof, fix the compensation for service therein, make the same elective or appointive and prescribe the time, qualifications and conditions for tenure in any such office; save, that no such Charter other than as hereinbofore authorized, shall provide to regulate the status, service, duties or compensation of members of the Legislature, Judges of the Courts, District Attorneys, County Attorneys, or any office whatever by the law of the State required to be filled by an election embracing more than one county. Excepting herefrom nominations, elections or appointments to offices, the terms whereof may not have expired proir to the adoption of this Amendment to the Constitution, at such time as a Charter provision adopted hereunder may be in effect (save as to those offices which must continue to be elective, as herein elsewhere specified), all terms of county officers and all contracts for the giving of service by deputies under such officers, may be subject to termination by the administrative body of the county, under an adopted Charter so providing, and there shall be no liability by reason thereof.

"d. Any county electing to operate hereunder shall have the power, by Charter provision, to levy, assess and collect taxes, and fix the maximum rate for ad valorem taxes to be levied for specific purposes, in accordance with the Constitution and Laws of this State, provided, however, that the limit of the aggregate taxes which may be levied, assessed and collected hereunder shall not exceed the limit or total fixed, or hereafter to be fixed, by this Constitution to control counties, and the annual assessment upon property, both real, personal and mixed, shall be a first superior and prior lien thereon.

"e. In addition to the powers herein provided, and in addition to powers included in County Home Rule Charters, any county may, by a majority vote of the qualified electors of said county, amend its Charter to include other powers, functions, duties and rights which now or hereafter may be provided by this Constitution and the statutes of the State for counties.

"(4). Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those resident qualified votes of the area affected by the taxes required to retire such obligations, who may vote thereon. In case of county obligations, maturing after a period of five (5) years, the same shall be issued to mature serially, fixing the first maturity of principal at a time not to exceed two (2) years next after the date of the issuance of such obligations. Such obligations may pledge the full faith and credit of the county; but in no event shall the aggregate obligations so issued, in principal amount outstanding at any one time, exceed the then existing Constitutional limits for such obligations and such indebtedness and its supporting tax shall constitute a first and superior lien upon the property taxable in such county. No obligation issued hereunder shall be valid unless prior to the time of the issuance thereof there be levied a tax sufficient to retire the same as it matures, which tax shall not exceed the then existing Constitutional limits.

"(5) Such Charter may authorize the governing body of a county operating hereunder to prescribe the schedule of fees to be charged by the officers of the county for specified service, to be in lieu of the schedule for such fees prescribed by the General Laws of the State; and, to appropriate such fees to such funds as the Charter may prescribe; provided, however, no fee for a specified service shall exceed in amount the fee fixed by General Law for that same service. Such Charters as to all judicial officers, other than District Judges, may prescribe the qualifications for services, provided the standards therefor be not lower than those fixed by the General Laws of the State.

"(6) a. Subject to the express limitations upon the exercise of the powers by this subdivision to be authorized, such Charters may provide (or omit to provide) that the governmental and or proprietary functions of any city, town or district or other defined political subdivision (which is a governmental agency and embraced within the boundaries of the county) be transferred, either as to some or all of the functions thereof, and yielded to the control of the administrative body of the county. No such transfer or yielding of functions may be effected, unless the proposal is submitted to a vote of the people, and, unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature, such a proposal shall be submitted as a separate issue, and the vote within and without any such city, town, district, or other defined governmental entity, shall be separately cast and counted, and unless two-thirds of the qualified votes cast within the yielding defined governmental entity, and a majority of the qualified votes cast in the remainder of the county, favor the proposed merger, it shall not be effected. In case of the mergers hereby authorized, without express Charter provision therefor, in so far as may be required to make effective the object of the proposed merger, the county shall succeed to all the appropriate lawful powers, duties, rights, procedures, restrictions and limitations which prior to the merger were reposed in, or imposed upon, the yielding governmental agency. Particularly, it is provided that the power to create funded indebtedness and to levy taxes in support thereof may be exercised only by such procedures, and within such limits, as now are, or hereafter may be, provided by law to control such appropriate other governmental agencies were they to be independently administered. Such mergers may be effected under proposed contracts between the county and any such yielding governmental agency, to be approved at an election as hereinbefore provided for. In order to increase governmental efficiency and effect economy the county may contract with the principal city of the county to perform one or more of its functions, provided such contracts shall not be valid for more than two (2) years.

"b. In cases of the partial or complete merger of the government of a city operating under a Home Rule Charter, with the government of a county operating hereunder, those city Charter provisions affected thereby shall cease to control, and the county Charter provisions shall control.

"c. When any embraced incorporated city or town elects to merge its governmental functions with those of the county under the provisions hereof, such Charter may provide for defining or redefining the boundaries of such cities and towns, provided, however, that the defining or redefining the boundaries of such cities and towns, such boundaries may be extended only to include those areas contiguous to such cities as are urban in character; and as to such cities or towns and for the benefit thereof the county, in addition to the primary city and county tax herein authorized and any other lawful district tax, may levy and collect taxes upon the property taxable within such city or town as defined or redefined, within the limits authorized by Sections 4 and 5 of Article XI of this Constitution, (or any Amendment thereof) for incorporated cities according to the population, provided that no tax greater than that existing at the time of such merger or for any added purpose shall be imposed upon any such city or town unless authorized by a majority of all votes cast by the resident qualified voters of such city or town.

"d. Areas urban in character though not incorporated, under appropriate Charter provision may be defined as such by the governing body of the county, provided, however, that no portion of the county shall be defined as an urban area unless it has sufficient population to entitle it to incorporate under the then existing laws of the State; and no such urban area, when created, shall be vested with any taxing or bonding power which it would not possess if it were operating as a separate incorporated unit under the then existing Constitutional and Statutory provisions of this State; and provided further that the governing body of the county for the government of such areas shall have and exercise all powers and authority granted by law to the governing bodies of similar areas when separately incorporated as a city or town, and such areas shall be subject to additional taxation within the same Constitutional limits as control taxation for a city or a town of like population. Likewise such Charter may provide for the governing board of the county subject to existing Constitutional and Statutory provisions to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relative to same.

"(7). No provision of this Constitution inconsonant with the provisions of this Section 3, of Article IX, shall be held to control the provisions of a Charter adopted hereunder, and conforming herewith. Charters adopted hereunder shall make appropriate provision for the abandonment, revocation, and amendment thereof, subject only to the requirements that there must be a favoring majority of the vote cast upon such a proposal, by the qualified resident electors of the county; and, no Charter may forbid amendments thereof for a time greater than two (2) years. The provisions hereof shall be self-executing, subject only to the duty of the Legislature to pass all laws (consistent herewith) which may be necesary to carry out the intent and purpose hereof. Further, the Legislature shall prescribe a procedure for submitting to decision, by a majority vote of the electors voting thereon, proposed alternate and elective Charter provisions."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all ballots shall have printed thereon the following:

"For the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more sufficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

"Against the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

Each voter shall scratch out one of the above listed clauses on such ballot, leaving unscratched that particular clause which expresses his vote on the proposed Amendment to which it relates.

Section 3. The Governor of this State is hereby directed to issue the necesary proclamation ordering an election in conformity herewith to determine whether or not the proposed Constitutional Amendment set forth herein shall be adopted, and the Governor shall have the same published as required by the Constitution and laws of this State,

W. W. HEATH,
Secretary of State.

SOCIETY

COMMENCEMENT WEEK SOCIALS

Social courtesies of the past week was centered around school activities, and among them was the dinner party given by Mr. and Mrs. Niley Smith in compliment to the graduation of their son Niley, Jr. who was graduated from Yoe High school this year, complimenting him and a few of his classmates with a dinner Thursday evening at 7:45 at their home in the Country Club Addition to Cameron.

This well appointed home was resplendant in floral decorations, where the hostess chose the class colors, white and blue, featuring the blue corn flower and sweetelysium.

The table was laid with an imported lace cover, centered with a crystal bowl filled with the chosen flowers. At either end of the table rested a crystal candle stick with blue burning candles that shed a mellow glow over the scene where brilliant youth and happy friendship reigned. A four course menu was faultlessly served to 14 guests who found their places around the board by the aid of novelty place cards which were tiny dolls dressed in cap and gown holding miniature diplomas tied in class colors, bearing their names.

The salad and desert carried out the blue and white class colors. The brick ice cream was topped with the year 1933, while the individual cakes of white were embossed with the blue corn flowers.

An impromptu program was given during the social hour. Miss Maidie Watson and Miss Patsy McGregor toasted the valedictorian, Martin Manning; Bettye McCollum and Freeman Slocomb gave a toast to Julian Freeman, the salutatorian, Niley Smith, Jr., toasted the class of 1933 Yoe High school.

After the dinner they attended the dance at the Country Club house.

Those present were: Martin Manning and Maidie Watson; Julian Freeman and Patsie McGregor; Leslie Mohler and Edith Smith; Lee Marek and Coroline Cheeves; John Watson and Dorothy Bell Lantrip; Niley Smith, Jr. and Bettye McCollum; Freeman Slocomb and Ray Burke.

GRAY-JANEWAY

Miss Warene Janeway, daughter of Mr. and Mrs. M. Janeway, and Mr. David Gray were married in a pretty ceremony Sunday morning, June 4, at 9:30 o'clock, in the home of her parents. Rev. Fred Janeway of Waco, an uncle of the bride read the impressive ring ceremony.

The bride was attractively dressed in pouder blue flat crepe with white trimming and white accessories with white shoes, and wore something borrowed as well as old with her costume.

Immediately after the ceremony the happy couple left with the father of the groom, W. E. Gray and his two daughters, Ella Jeanette and Mikey Marie Gray for Houston where they will spend the summer.

The home was attractively decorated with pink radiance roses, lillies, pink crepe myrtle and ferns in tall floor baskets, vases and containers. A lovely improvised alter was erected near the mantlepiece where the vows were taken.

Only relatives and schoolmates of the bride were present to witness the ceremony, among them were Mr. and Mrs. Walden of Marlin, grandparents of the bride.

BUSINESS WOMEN

Installation of officers of the Business and Professional Women's Club was held Tuesday evening, June 6 at 8 o'clock. Members met on the East Lawn of their president's home, Mrs. Lotta Bigbee, where a business session was held.

Newly elected officers were invited into the parlor by their hostess. Members of the Club entered the dining room and took their places around the table. The lights were dimmed and turned on as the president conducted the newly elected officers into the room. They were invited to a small table where the decorations were unique and impressive. A large cypress stood in center of the table where place cards, names written in reverse, aided them in finding their places. These were placed inside of old horse shoes that rested on table in front of plates which were lightweight wooden trays.

By the side of each plate lay a fresh roasting ear in shuck, with ornimental hay. Only a knife and spoon were found at plates. A nice size placard bore the following: "President's and Officers Table." To the left of the card a tiny seal was pasted, on which was written: "Do Not Look Under This," which was immediately lifted revealing the letter "S," which when connected with the word "Table" was "S Table," revealing the idea the officers were "Stalled."

The table arranged for the members was decorated with vines and flowers. A miniature lake was seen in center of table where greenery represented a lovely bank interspersed with shrubs and flowers with a sand beach at one side where rested a wigwam where an artificial camp fire glowed. The squaw with her family lounged comfortably near, while the Indian Brave was seen emerging from the brush near by. A family cow with her calf rested near the beach, and in the distance two white elephants were seen entering the lake. A fringe of evergreen and flowers were laid on the side of the table facing the officers' table.

A lovely plate with ice tea and sweet desert was served. During the feast little Rosemary Redfield, daughter of Mr. and Mrs. Howard Redfield of Galveston, gave a catchy reading, responding to an enchore in sweet childish manner.

A rising vote of thanks was tendered the outgoing president for her splendid work. She later gave a retiring address, thanking the club for their hearty co-operation while serving them as president.

Installation followed the feast by the publicity chairman, who gave strict instructions as to duties of each officer, giving humorous jokes and skits on each one.

During the business session Miss Delphya Scott was elected delegate to attend the National Convention of the Business & Professional Women to be held at the Century of Progress in Chicago July 9 to 16 inclusive. At this time there will be women from Genoa, Italy, London, Paris and Germany and from other foreign countries. Begin Taking Cardui Today If You Suffer Like This Lady Did

"WHEN I was a girl, I began taking Cardui," writes Mrs. Maggie Stanfield, of Crandall, Ga. "I was very irregular for twelve months. Nothing did me very much good until my mother began to give me this medicine. Then I got all right, stout and well.

"After I was married, I was in bad health. I began taking Cardui again. I was troubled with my back a lot. Was awfully restless. I could not sleep well. I just weighed 90 pounds when I began taking Cardui. I improved rapidly. Before long I weighed 126 pounds. I felt fine. I was able to do a good day's work."

Cardui is sold by druggists here.
